CHICAGO 90, ILLINOIS

May 23, 1944

Dear Mrs. Manley:

I wrote you once before since the season opened about this long delay in mails and new help ect plus the fact we have had to move our deadline up to Mondays at 12 noon. The game played in Brooklyn is marked in the Defender as having been played in Newark and that is the fault of Ed Gottlieb who sent the wire.

The story of the game arrived here today (Tuesday). It was mailed out of Newark at 2:30 a.m. Monday morning with three one-cent stamps on it. It wouldn't have reached here in time if it had been airmailed.

On all home games please see that out of Newark on Sunday nights comes at least 50 words and score by innings plus runs, hits and errors also batteries of both clubs. Please do not have your man send box score for two reasons i.e. we have but one sport page due to rationing of print paper and it is too costly as if we do it for one club we will be forced to take all of them. No wires on week day games. The wire Sunday night on home games should come
NIGHT PRESS RATES COLLECT.

Understand you club is here on June II.

Yours truly

Frank A. Young
